

CONSULATE GENERAL OF THE UNITED STATES OF AMERICA MUMBAI, INDIA

Medical Examination and Vaccination Instructions

List of Approved Panel Physician Sites for India

Now that you are intending to apply for an Immigrant/K visa, the U.S. Consulate General in Mumbai has authorized the physicians listed below to administer your medical examination. **Please make your examination arrangements with any panel physician site on the list at least seven days before your immigrant visa appointment.**

Please carry the following items for each family member:

- Original appointment letter;
- Passport;
- Four recent photographs;
- All medical records of vaccinations, prior illnesses or treatments. You must discuss your medical history and current conditions, including, but not limited to, pregnancy, diabetes, hypertension and other conditions and medications taken, with the physician.

These physicians are licensed to practice locally and the examinations they give to visa applicants conform to standards prescribed by the United States Public Health Service. Any attempt by an applicant to influence the panel physician's medical judgment will reflect unfavorably on the visa application.

The physician may need four to seven days to prepare the results of your medical examination. Collect the report from the panel physician and bring it to the Consulate on the day of your visa interview.

**The following fees for panel physicians have been authorized by the U.S. Consulate
General Mumbai, effective October 1st, 2020**

** Children 2-14 years examination **includes:** Physical exam, IGRA testing, TB screening, and TB treatment (if necessary) as required by the Technical Instructions.

Vaccines

Panel physicians who conduct medical examinations of immigrant and K visa applicants are required to verify that applicants have met certain vaccination requirements, or that it is medically inappropriate for an applicant to receive one or more of the following vaccinations:

DT/DTP/DTPaP, Td, Polio (OPV/IPV), Measles (or MR or MMR), Mumps (or MMR), Rubella (or MR or MMR), Rotavirus, Hib (Haemophilus Influenzae Type B), Hepatitis A, Hepatitis B, Meningococcal, Varicella, Pneumococcal, and Influenza.

If you have already received some or all of the required vaccinations, you should bring your vaccination records with you to your medical exam for verification. Physicians at the panel sites listed below can determine which of the listed vaccinations are medically appropriate for you given your age, medical history, and current medical condition. Only vaccinations verified or administered at the panel sites listed below will be accepted by the Consulate.

Immunizations are subject to prevailing market prices.
